RENEW. RENOVATE. REFRESH.
LET'S CELEBRATE!

LOCKER ROOM RENOVATION **JUNE 11 – JULY 29**

We've got some exciting news to share! Thank you for your patience as we work on some amazing improvements to our locker rooms, including:

- **New Floors**
- **New Shower Fixtures**
- **New Paint**
- **New Tiled Walls**
- **New Countertops**

McCormick Builders will be ready to start work on Monday, June 11th. You will see a flurry of activity downstairs, as the workers will be back and forth between the locker rooms and the back entrance of the Y. Barriers will be set up in the hall to help ease traffic in this area.

Locker Rooms for Women, Men, Girls, and Boys will be closed during the 7 week period. Our Family Locker Rooms will remain open.

PLEASE TAKE NOTE:

- **The main stairwell will be closed, June 11 – 15, as we re-tread our stairs. Our elevator will be available for use during this time.**

There will be limited shower use during this time:

- **Our Family Locker Rooms will be available, although we ask that members please keep within the time frame posted. These locker rooms are handicap accessible and are the only bathrooms located on the ground floor.**

Separate changing areas will be located in the Play Gym:

Please Note: The Play Gym is closed June 8 – July 29

- **A temporary wall will be built separating the space.**
- **Womens & Girls will be on one side, with Mens & Boys on the other.**
- **All windows will be draped for privacy.**
- **Benches and chairs will be set inside each of the spaces.**

Bathroom facilities will be located in the following areas:

- **Porta potties will be located outside on our main level near the exit door by our Rock Wall.**
- **Family Locker Rooms will be open for use on our ground level and are handicap accessible.**

Thank you for your patience! Look for weekly updates from your CEO on the progress.
